## THE FOURTH OF JULY.

The proclamation of Mayor Paff concerning the proper celebration of the Fourth of July will be found elsewhere in the Gazette. It is written more in a suggestive than a mandatory vein, although it is clear that it is his purpose, as much as possible, to have the laws obeyed. It is hoped that it will be read carefully, and as law-abiding citizens, all will unite with his honor and the organizations representing the good sense of the community, so that Independence Day may be observed in a manner neither offensive nor dangerous to any. In the large cities of the country the strong arm of the law has been brought into requisition to put a stop to explosions in the streets on next Monday, while the newspapers have for months been endeavoring to educate the people on lines which in future will not make the Fourth of July a day to be dreaded by so many.

A contemporary which has advocated a safe and sane observance of Independence Day for years calls attention to the fact that thousands of our forefathers laid down their lives in the cause of liberty, while many more carried empty sleeves and hobbled on wooden legs after the close of the revolutionary war. Annually for over a century and a third members of each succeeding generation have been killed and wounded in celebrating the Declaration of Independence, and, were correct figures obtained, it could be shown that more people have been killed and injured in celebrating the Fourth of July than all the casualties in the American and British armies during the seven years' conflict. It is time we were calling a halt.

## FRATERNAL VISIT.

Alexandria Council, No. 5, O. F. A., held its regular meeting last night with 200 in attendance. Ten applications for membership were received and referred to committees. One was received by reinstatement, three by card and seven by initiation. It being the last time the degrees were conferred under the old ritual, and to witness the degree team of Alexandria Council conferred the work, which has received a national reputation for its excellence therein, sent down a large delegation which was received by a committee from the local council and escorted to the council room, headed by the Mount Vernon Council drum corps. Following the conferring of the degrees addresses were made by the Washington and local council members. At a late hour the Washington Council returned home all expressing themselves as highly pleased with the evening's visit. On next Thursday evening the council will confer the first degree upon a class.

## POLICE COURT.

[Justice H. B. Caton presiding.]  
The following cases were disposed of this morning:  
William Bridget, colored, charged with stealing a bicycle from R. D. Marshall, was sent to the reform school.  
Dorothy Smith, charged with disorderly conduct, forfeited her collateral by failing to appear.  
Alexander Herbert, colored, charged with assaulting Mary Lawrence, also colored, was fined \$5.  
Cliff Broadus, colored, charged with assaulting Effie Broadus, colored, was fined \$5.  
A small colored boy, charged with stealing a tape line, was held for a future hearing.

## SENT TO REFORM SCHOOL.

Among the prisoners at the bar of the Police Court this morning was William Bridget, a diminutive colored boy, who said he was nine years old. He was charged with stealing a tricycle, belonging to a white boy, and biting the corner when he attempted to recover it.  
Bridget subsequently attempted to sell the tricycle. The darkey, it seems, was set adrift by his parents, and, having no home, he has been sleeping under doorsteps in this city and Washington recently. Justice Caton ordered him to be sent to the reform school.

## SCHOONERS BURNED.

The schooners Henry L. Peckham and Young Brothers caught fire Wednesday while loading ice at Islesboro, Maine, and both burned to the water's edge. The houses from which the vessels were loading were also destroyed. The Henry L. Peckham was loading for the Mutual Ice Company of this city, and the Young Brothers for Philadelphia. The Peckham was a four-masted vessel, 190 feet long and registered 867 tons gross. She has brought ice to this port in bygone years. The Young Brothers was also a four-masted craft, 186 feet long and 898 tons register.

## PROPERTY SALES.

Mrs. John Reed has sold through the office of Harrie White the brick dwelling, 215 North Patrick street, to Mr. G. Mason Smith. After making extensive improvements and repairs, Mr. Smith will make it his home.  
A deed has been recorded in the clerk's office of the Corporation Court transferring from Randolph Ramer to F. J. Fannon lot No. 16 in the old fair grounds.  
The weather continues warm, the mercury at 8 o'clock registers 93 degrees. The humidity, too, is above the normal.

## LEFT FOR GETTYSBURG.

Forty members of the Alexandria Light Infantry (Company G, First Virginia regiment) in command of Capt. F. E. Slaymaker and Lieuts. Carroll H. May and Arthur Herbert, assembled at the armory on south Royal street late last night, and shortly after midnight marched to the Union station, where they boarded a special train bearing the Virginia volunteer militia to Gettysburg, Pa., where they will go in to camp for ten days. The Alexandria company was accompanied by Maj. James E. King, First Lieut. and Adj. S. A. Howard, Second Lieut. Quartermaster, L. N. Duffey and Sergt. Maj. R. C. Talbot.

Virginia sent three regiments—the First, Second and Fourth—a field battery and the Richmond Blues. The brigade staff of the Virginia National Guard also went to Gettysburg. The War Department has made every provision for the health and comfort of the troops. It went to the trouble and expense of building a temporary pumping station, so that the camp may be plentifully supplied with water for drinking, cooking and bathing purposes. Temporary mains extend through each separate camp and there are ample facilities for shower baths. There will be three periods of instruction—the first from July 1 to 9, the second from July 10 to 17 and the third from July 18 to 31.

## PIANO RECITAL.

The annual piano recital of Mrs. Julia V. Nalls' pupils was held last evening at her home, 517 south Alfred street. Gold medals were awarded to Misses Jeanette Theimer, Ruby Hammersey and Marion Baker for improvement in music and regular attendance. Delightful music was rendered by the orchestra in attendance. All the scholars acquitted themselves creditably showing a deep interest for their instructor. After the exercises refreshments were served on the lawn which was tastefully decorated with flowers, palms and Chinese lanterns and everyone had an enjoyable time.

## SWARMS OF MAYFLIES.

Mayflies seem disposed to spend the summer with us. They are generally scarce at this time of the year, but few being found after the beginning of June, but this year clouds have been settling over this city every warm night during the past two months. Millions of these insects have surrounded the street lights and globes in front of stores every night this week, while myriads have fallen on the vitrified bricks at street intersections to be trodden to death. Could all have been collected this morning they would have filled several barrels.

## LONG AND EFFICIENT SERVICE.

Mr. E. F. Price, the efficient auditor of Alexandria, has served in that position a quarter of a century today, he having qualified on the first of July, 1885. Hence he is one of the oldest officeholders in point of service in this city. While Mr. Price is generally elected to succeed himself, he has at times had opposition, but in almost every case he has had a virtual walk-over. From the first he secured the confidence of the community, which he has ever enjoyed. His present term will not expire until 1913. One of his friends sent him a handsome bouquet today.

## CIRCUIT COURT FOR THE COUNTY.

[Judge J. B. T. Thornton, presiding.]  
Murphy & Ames vs. Score; jury unable to agree and were discharged.  
Com. vs. Lewis, colored, indicted for rape; defendant fined \$10 and cost.  
Com. vs. Jack Elliott, appeal from a magistrate's decision; defendant fined \$5 and cost.

## THE PURITAN AT NORFOLK.

The United States monitor Puritan, for several seasons the training ship of the naval battalion, D. C. N. G., has arrived at the Norfolk navy yard. She arrived there yesterday afternoon, and will remain until some decision is made regarding her disposition. The monitor Ozark will take the place of the Puritan as the training ship of Washington's citizen-sailors.

## CARLTON IS SENTENCED.

Justice Gould in Washington yesterday sentenced Frederick Carlton, alias Acker, who was recently convicted of stealing \$18,000 from Mrs. Anna Smith, to serve four years and six months in the Leavenworth, Kans., penitentiary. Carlton married Mrs. Smith in Alexandria, in November, 1908, while he had a wife in Centerville, Mass.

It is reported that the new assessment recently made by Mr. James B. Fitzgerald the state censor the total value of property in this city will be increased about one million dollars.

An entertainment was given last night at the Young People's Building of the M. E. Church South by what is known as "Aunt Polly Passet's Singing Skule," which was greatly enjoyed.

The machinists employed at the Southern Railway shops in this city did not go to work at 1 o'clock afternoon by reason of misunderstanding. They later went to work, however.

There will be a meeting of the Civic Improvement League at 8 o'clock tonight at the rooms of the Chamber of Commerce, at which time final plans for the celebration of a safe and sane Fourth of July at George Washington Park will be announced.

## SPAIN AND THE VATICAN.

The Roman Catholic agitation against the measure relating to religious congregations and the toleration of non-Catholics has caused the Spanish government to issue an unusual warning to the Vatican and the papal nuncio at Madrid.

In a statement issued to the newspapers the government assures its opponents that it will not be influenced by their demonstrations beyond taking steps to keep them in check. It re-emphasizes the attitude maintained by ex-Premier Mauer and conservative generally toward the government's policy.

It adds that the danger, however, lies in the possibility that, seeing the practical uselessness of the campaign, its authors, who, in the government's view are the curia and the papal nuncio, may be tempted to resort to other measures which would compel the government to abandon the toleration attitude it has adopted.

The statement adds that the attacks of foreign newspapers, some of which are even directed against the king's person, and the veiled threats of prelates create this danger. Dispatches from all parts of the country show increasing vehemence in the clerical and anti-clerical campaigns. The republicans and socialists have organized a demonstration to be held in Madrid Sunday, in support of "The emancipation of the Spanish conscience and the supremacy of the civil power."

## CHASE BY A HORSE INTO A STORE.

Evidently resenting the endeavor of a pedestrian to bar his flight, a runaway horse hitched to a wagon of the Richmond Company yesterday struck viciously at the man, who turned and fled. The maddened animal followed, with apparent evil intentions.

The man ducked into the jewelry store of J. S. Schumann, lunging himself on the floor behind the counter. A crash followed as the infuriated horse smashed his way through a large plate glass show window and bounded into the store, where it fell, severely cut about the neck and body and gushing blood. The badly frightened man escaped in the crowd without his identity being learned.

## Affairs at Beverly.

Beverly, Mass., July 1.—The summer capital today is gradually recovering its equilibrium after having had in its midst for two hours and a half yesterday not only the president of the United States, but the author of "My Policies."

Just what happened is known to only two men and they won't tell. Certainly there was no complete endorsement of the Taft administration, or the fact would have been quickly made public by the Taft forces. It was a social call, the participants stated.

One thing, however, is practically certain. There was an agreement on the Hughes direct primary in New York. That they agreed on Pinchot or Ballinger or the way "Roosevelt policies" have been treated since March 4, 1909, is uncertain. In view of the stand which Roosevelt has taken on conservation, it is doubtful whether that delicate subject was broached.

There will probably be no further meeting between the two in the near future. This was stated directly by Roosevelt when he left. There was a rumor that the Longworth home on the North shore would shelter the colonel for a period, in order to permit of several conferences with the President, but this was emphatically denied. Mr. Roosevelt stated that today he would visit Supreme Court Justice Moody at a Boston sanitarium, and then return to New York.

Theodore Roosevelt and Senator Lodge left Nahant, Mass., at 9 o'clock this morning in Senator Lodge's automobile for Brookline, where the former president intended to visit Justice Moody of the Supreme Court.

## VIRGINIA NEWS.

Mr. Uriah M. Ferguson, of Fairfax, died suddenly last Friday, aged 62 years.

Mr. John H. Renney died at his home in Fairfax last Sunday, aged 64 years.

Mrs. Maggie McFarland, wife of Mr. Wm. McFarland, died at her home near Chantilly, Fairfax county, on Sunday.

The State Board of Education has adopted the single list for high school text books.

The new state bank at Middleburg, Loudoun county, for which a charter was recently granted, was opened for business July 1, with W. H. Boynton, cashier. This makes a total of seven banks in Loudoun county.

The Culpeper Flour Mills, formerly owned by the S. B. Lillard Company, were sold at public auction at Culpeper yesterday, and were purchased by Dr. E. Lester Jones, of Hazel River, Culpeper county, the price paid being \$10,500.

The heirs and trustees of Colonel R. H. Dulany, of Upperville, have recently sold the Millville farms, in northern Loudoun, containing 600 acres to Harry Neville, of Ireland, a native of the late Colonel Robert Neville, of Melbourne, for \$21,000. Chilton Hall, the fine estate owned by A. B. Shreve, of Loudoun county, near Point of Rocks, containing 300 acres, has been sold to S. L. St. Clair, of Dublin, Virginia, for \$20,000.

Harrisonburg is getting ready for the biggest Fourth of July the town has had in 30 years. Stores and residences are being decorated with flags and bunting. Mayor Roller has ordered a general cleaning up. Special excursion trains will be run by all railroads, a dozen bands of music, fire and military companies, trade display and athletic contests will be features of the day.

In its first session since the general assembly, the State Livestock Sanitary Board accepted the resignation of State Entomologist J. L. Phillips, effective September 15. The board granted Newport News the right to bring into that city calves slaughtered on its own wharves, shipped from districts under cattle tick quarantine. The condition of tuberculosis from cattle in Virginia is reported favorably.

## MR. BRYAN'S PROSPECTS.

William J. Bryan, who arrived at Quebec Wednesday from Bristol, Eng., kept yesterday in Montreal. He was the guest of the Montreal Young Men's Christian Association at a luncheon. Attempt to draw Mr. Bryan into an expression of opinion on public questions were not wholly successful. To the query, "Are you likely again to be a candidate for the presidency?" he replied: "How do I know? Much depends. I never discuss politics outside my own country."

The Democratic Federation of the United States, which was organized during the closing days of Congress by democratic Senators and Congressmen styling themselves, "Progressive Democrats," has a distinct Bryan flavor.

While Mr. Bryan himself does not appear as one of the organizers of this association, whose purpose is to organize the party along "progressive" lines and secure the adoption by democratic conventions of what it regards as the "real issues," most of the organizers are close friends of Mr. Bryan. Prominent in the list is the name of his brother, Charles W. Bryan, and Richard L. Metcalfe, both of the Commonwealth.

Men lack of the federation propose to do some hard work this summer. Mr. Bryan is evidently interested in the plan and it has more back of it than appears on the surface. Its principal object appears to be the control of the national party organization by the "progressive" democrats of the Bryan school. Thousands of copies of the platform and programme of the new organization have been sent out, and as the matter has been incorporated into the Congressional Record and can be sent free by mail under frank, many thousands more will be distributed this summer by senators and congressmen interested.

## COLORED MAN MUTILATED.

Residents of Gaithersburg, Md., and vicinity are aroused over what is described as a dastardly outrage committed on Henry Stewart, a young colored man of that place, by two soldiers Sunday night.

Stewart, in company with two colored girls, was walking along one of the roads leading to Gaithersburg when the soldiers accosted him and addressed insulting remarks to the girls. When he resisted they seized and held him and then mutilated him in a frightful manner, afterward rubbing dirt into the wounds.

The girls fled and gave the alarm. Stewart was later removed to his home, where he now lies in a precarious condition.

State's Attorney Waters was advised of the facts and at once began an investigation. He learned, it is said, that the soldiers belong to an organization en route from Fort Myer to Gettysburg; which was camping near Gaithersburg for the night.

When the authorities went after them it was found the troops had broken camp and proceeded on their way.

State's Attorney Waters is determined the perpetrators of the inhuman act shall be apprehended and punished, and announced his intention of laying the matter before the officials of the War Department.

All Accept as Final Murphy's Opinion on Fight with Johnson. — All the fight experts who are at Reno covering the Johnson-Kelley fight, none has attracted as much attention as Mike Murphy, the famous trainer of fighters.

He is there for the Philadelphia North American, and when he pronounced James J. Jeffries in fit condition to give a battle to his huge antagonist, the opinion was flashed all over the country and all the writers, because of his known that in the matter of physical condition his word is final. Mr. Murphy, who is athletic director at the University of Pennsylvania, who trained the team that won the last intercollegiate meet and also prepared the American athletes for the Olympic games in England, is said to know more about the human body, athletically considered, than any man in the world, and his reputation for honesty is as great as his ability.
